

Model Name: SKY S5G-03D 5G 3dBi Omnidirectional Antenna

698-960_1710-3800MHz

1. Features

The receiving performance is stable, reliable and easy to install. It is suitable for 5G/4G/3G/2G wireless communication, hand-held walkie-talkie communication, automobile mobile terminal, etc.

2. Specifications:

Frequency Range: 698-960/1710-3800 MHz

Bandwidth: 262/2090MHz

Gain: 3dBi

V. S. W. R: ≤ 2.5

Radiation Pattern: Omni-Directional

Polarization mode: Vertical

Maximum input Power: 50W

Impedance: 50Ω

Connector: SMA Male

Radome: TPEE

Dimensions: $\Phi 13 \times 200 \text{mm}$

Weight: 21g

Operating Temperature: -40°C to $+70^{\circ}\text{C}$
