

Model Name: SKY S5G-03D

5G 3dBi Omni Directional 614-9601400-27004900-5925MHz

1. Features:

5G/4G Mono polarity with ultra wide band Omnidirectional Antenna. Compatible with 2G and 3G mobile applications, EX:GSM, LTE, UMTS, WI-FI, even GPS bands are included. It is the ideal solution for any device, with high performance and reliable. The receiving performance is stable and reliable, the antenna structure is small, the appearance is exquisite, and the installation is convenient. The antenna has an SMA (M) connector and a swivel mechanism that allows the antenna part to rotate, and the antenna can be configured by rotating 90 degrees from the connector.

2. Specifications:

Frequency 614-960/1400-2700/4900-5925 MHz

Gain 3dBi

V. S. W. R. ≤ 4.0

Radiation Pattern Omni-Direction

Polarization mode Vertical

Maximum Input Power 5W

Impedance 50Ω

Connector SMA Male

Radome ABS

Dimension 196x38x11mm

Weight 38g

Operating Temperature -40°C to $+70^{\circ}\text{C}$
